Spring 2026 Newsletter

Hello to all our sponsors and community friends!

We are so grateful for your continued prayers, encouragement, and support. Character Education Now continues to make a difference in the lives of children, teachers, families, and communities.

Our Words of Wisdom program has been available to our kids and has encouraged hundreds of students during this last quarter to grow in good character, kindness, respect, responsibility and integrity.

Our Character Under Construction program has also been moving forward as we teach the Chip series. The kids have been encouraged and challenged with positive character traits. Chip has learned words like “please” and “thank you” and Chip is learning to say, “I’m sorry” and “pardon me”. They are also learning not to try to get even, but to respond with grace and wisdom.

Through our Adopt-A-Grade & Staff program, we are encouraging and strengthening teachers and school staff. We are also looking forward to Teacher Appreciation Week (April 27 - May 1) when many community businesses and individuals will join us in blessing our staff all week long.

We have also been traveling to South Florida, Georgia and Alabama sharing the mission of Character Education Now and speaking in Perry, Florida. On weekends we are encouraging small struggling churches as well.

Every Wednesday morning at 9:00 am, men from our community meet at the Back Door Bistro in Perry, FL for Men's Breakfast. Come join us and be informed, updated and encouraged.

Thank you to all our supporters who understand the importance of investing in our children. Your support helps us continue building strong character and changing lives.

Go to our website, www.charactereducationnow.org, and help us invest in the lives and future of our children.
